

Euston

 3 Bedroom

 2 Bathroom

 1 Garage

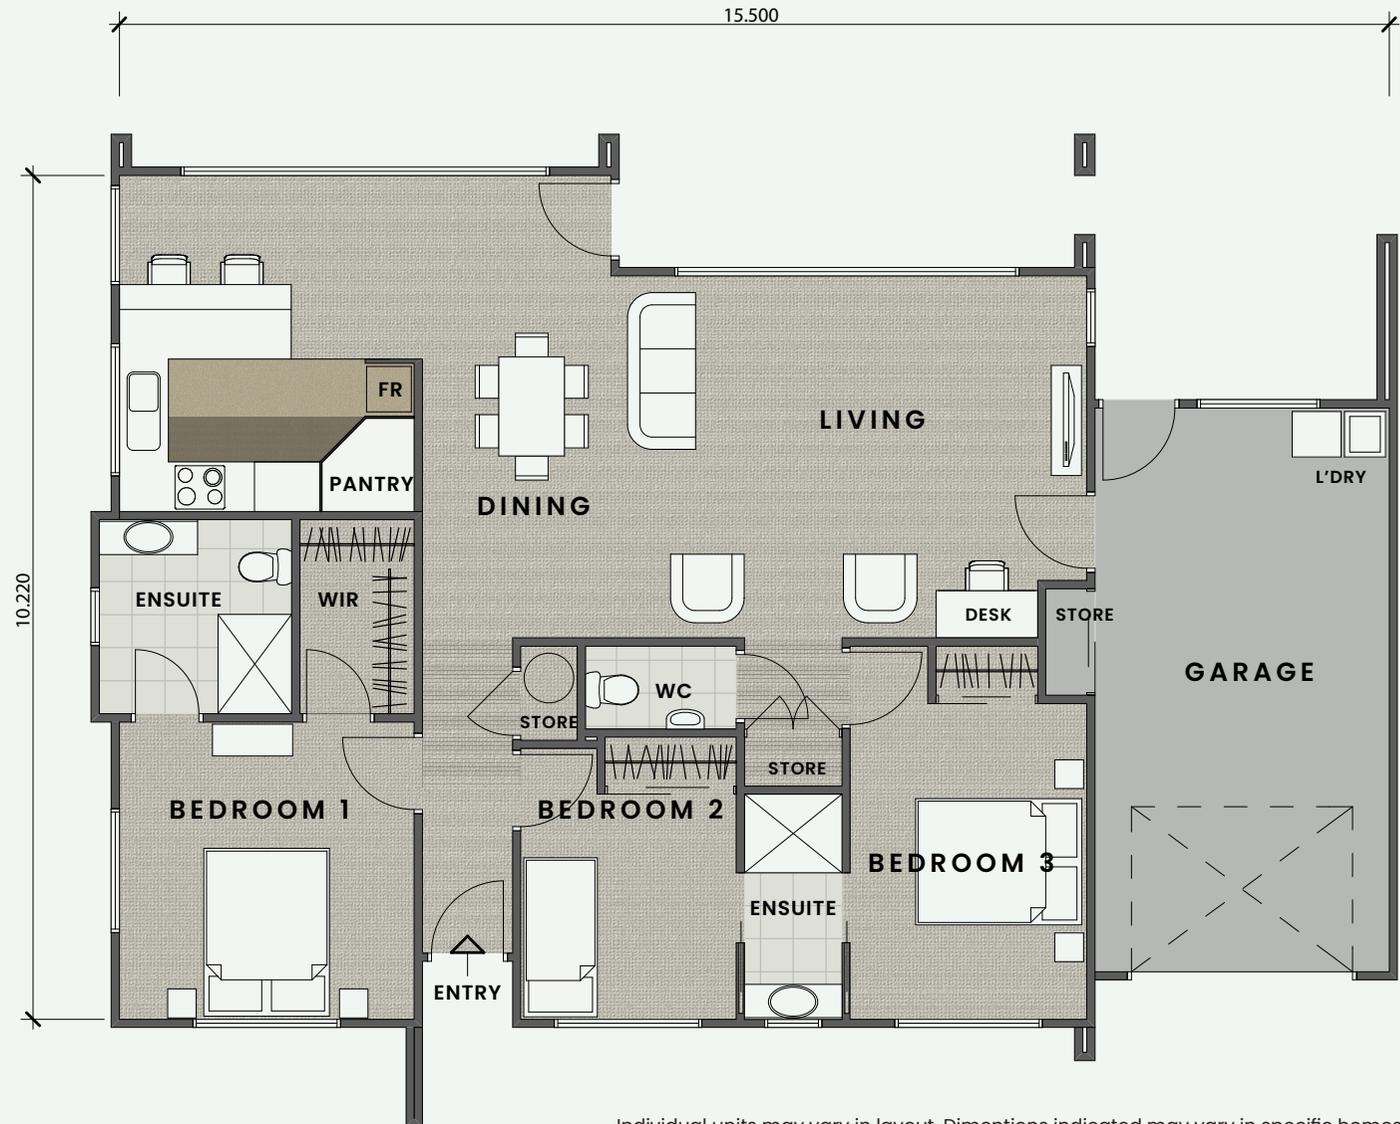

CHATSFORD
The Lifestyle Choice

Our Euston homes can be found in our most recent development in the Salisbury Place area. Contemporary architecture offers exceptional styling with remarkable energy efficiency from smart use of heat pump technology. Available in three bedroom options, each Euston has a state of the art kitchen with vertical fridge freezer with ice maker, eye level oven, ceramic cook-top, and dish drawer. All homes are also fully pre-wired for the latest in audio-visual technology. This home is something that you would expect to find in a 'House and Garden' magazine.

And of course you have internal access to your single or double garage.

An Emergency Call system monitored 24 hours per day is standard in all Chatsford homes.

Size: 120 sqm

Individual units may vary in layout. Dimentions indicated may vary in specific homes
